

THE ANNUAL AGRI GAUTENG EKSPo *Growing Agriculture in South Africa*

The AGRI GAUTENG EKSPo is taking place on 8 & 9 August 2018, at Vleissentraal, Onderstepoort, Pretoria!

Doors will be open from 09:00 to 17:00 daily.

This Ekspo has been envisioned with the aim of not only changing the perception of farming in South Africa, but also to expose young and upcoming farmers to the industry.

Farming holds the potential of hope. “It’s an inclusive sector that holds enormous possibility for job creation and poverty alleviation. This Ekspo is part of the mission of Agri Gauteng, developing and promoting the sustainability and profitability of commercial agriculture in South Africa.” said Dr Willem Pretorius, President of Agri Gauteng.

Hence the reason why entry to the Ekspo is FREE!

Being presented for the second year, the success of the 2017 program, necessitated a bigger show ground. As a member of Agri Gauteng, Vleissentraal Onderstepoort, put their hands up!

An expected 12 000 visitors over the course of the 2 days, will make this Ekspo a not-to-be-missed occasion for the entire family. And as the Ekspo is taking place on Women’s Day, it is only fitting that WARD, Women in Agriculture and Rural Development, is a dedicated and contributing partner to the Ekspo.

Other highlights of the Ekspo include:

- Sheep, goats and 5 cattle breeds will be on show.
- Exhibitions on Vegetables and the ground-breaking procedures available for farming in this sector
- Exhibitions on Grains, Pesticides
- Exhibitions on Water Management
- The youth show is presented daily by Hoërskool Wagpos and Hoërskool Bekker
- Discussions on meat and carcass judging
- A Carcass judging competition
- Market Agents – The perfect opportunity to meet those who make your products available to the market!
